

AAA Leading the Way

AAA 10A shares expertise in DC

Ron Hill, Director of Western Reserve Area Agency on Aging 10A, was one of 15 participants in a two-day National Association of Area Agencies on Aging (n4a) focus group that met in Alexandria, VA, November 5-6, 2009. N4a asked these community leaders and experts in the field of aging from around the country to share their expertise and best practices. The result will be a report to identify issues and strategies that ensure that the nation's Area Agencies on Aging meet the challenges and opportunities presented by rapidly growing numbers of aging Americans. Ron is a former n4a board member.
