

“This is my best source for information on legislation affecting older adults in Ohio. Thank you.”

— A Current Associate

“The Legislative Bulletins are very easy to read and understand. They keep us up to date on what we need to know.”

Associates Program

Your Organization's Link to
Information and Services for
Ohio's Older Adults

Join us in supporting Ohio's Older Adults!

For years, the Area Agencies on Aging have been leaders in the aging network. The Ohio Association of Area Agencies on Aging has played a critical role in supporting the Area Agencies by providing them with the information, analysis, and resources necessary to be at the forefront of aging related policy and budget decisions.

Associates receive the same critical and timely information and services that Area Agencies on Aging receive from the Ohio Association of Area Agencies on Aging. Associates receive communications about aging related issues in the state and federal arenas as they happen. The additional background information and analysis Associates receive will enable your organization to become an effective voice for Ohio's older adults and the programs and services that affect them. Through the Associates program, the Ohio Association of Area Agencies on Aging will:

- Strengthen and unite the aging network
- Inform your organization of critical policy issues
- Provide your organization with the resources and education necessary to be a leader in the aging network

Associates Benefits

Associates receive:

- Breaking policy news through e-mailed or faxed Legislative Bulletins
- Bill tracking and supplementary information on the most critical aging related bills
- Talking points and analysis on critical policy decisions through Advocacy Advisories so you can take immediate action
- Up-to-date county-by-county analyses of aging demographics and local long-term care systems through the "Cost Savings in Ohio Homecare" fact book
- The OAAAA Legislative Agenda, newsletters, and other OAAAA publications
- Advance notices of OAAAA trainings and CEU opportunities
- Special recognition at the OAAAA Annual Conference for your support of the aging network
